(max 4 hours)

TEAM LEARNING

Good teamwork is essential for high performance in any business. Organizations are much more likely to perform well when their people work effectively as a team. This is because good teamwork creates synergy – where the combined effect of the team is greater than the sum of individual efforts. Working together a team can apply individual perspectives, experience, and skills to solve complex problems, creating new solutions and ideas that may be beyond the scope of any one individual.

TEAM LEARNING

1. Urban Escape game

A new way to play an escape game, via your smartphone, by following a downtown route full of puzzles. You'll be geolocated by the application that will tell you the exact location of the missions and the tasks to be accomplished to complete them successfully. With family, friends or as a team, travel around **Louvain-la-Neuve** in a whole new way.

Number of participants
From 6 participants to +100

Time
2-3 hours

Price
Starting at € 7, - pp

2. BEAT THE BOX

It all begins with a mysterious video message. Different teams have only a pre-determined amount of time to crack a special code, which stops the countdown. To win the game, the code must be entered in to an electronic combination lock before the timer reaches zero. The only useful tools in the room are each team's locked aluminum box. The first step is to open the boxes. The teams discover four intriguing cases, themselves protected by strong combination locks, which contain codes and mysteries that have to be unraveled for the teams to progress.

In the final case the participants can find letters. If all letters are put in the right order, a predefined slogan appears and the code can be discovered, stopping the countdown and finishing the game. The pressure is intense and at times teams will doubt that they can be successful but just as in life, sport and business a cool head, logical approach and a belief in your own abilities will ensure success in all but the most hopeless of situations.

Number of participants
From 15 – 500 participants

Time
2 – 3 hours

Price
Starting at € 42, - pp

Prices will vary due to number of participants.

TEAM LEARNING

3. Pandemic

You and your team are the only things standing in the way of deadly diseases that threaten the world. The fate of humanity is in your hands!

Number of participants

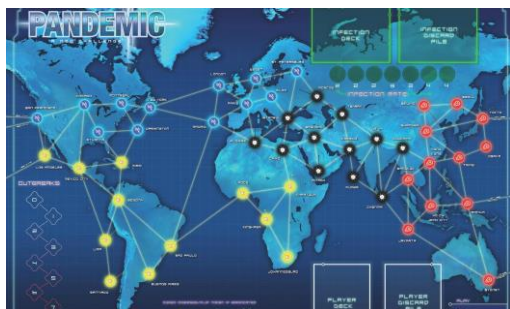

From 8 participants to +100

Time

2-3 hours

Price

Starting at € 45, - pp
